Sample Site Plan – Zoning Permit

- Site plans must be **no larger than 11" x 17"** and are to be provided by owner/builder.
- Use a black and white copy of your parcel for the site plan*. (It is difficult to see the site plan drawings on an aerial view of your property.)
- **Any** changes to the site plan originally submitted must be approved by the Zoning Department with the submission of a new site plan.
- Site plan revisions will be allowed up to six (6) months from the date of issuance of the permit. Changes after six (6) months will require a new permit application and fee.
- Incomplete site plans will be returned.

Site Plans must include:

- the exact dimensions of all existing and proposed structures.
- setback distances from all lot lines to all existing and proposed structures
- distances between existing and proposed structures at their closest points.
- the yard setback as *measured to the road right-of-way - not the pavement or centerline.*
- All new single and multi-family dwelling zoning permit applications **must include first floor blueprints**

You can use the attached template or print a GIS map of your property at the following link:
